FAQs

When does VCA start and where is it located?

Village Christian Academy school year will start on August 19, 2024 serving K-5 students, hosted at the campus of The Village Church at 736 McCourry Blvd, Incline Village.

Tuition costs?

\$1050 per month per student

Will there be financial assistance?

VCA is committed to working with families individually to ensure that a private Christian education is within reach. We are pursuing in-house, community-wide, and outside tuition assistance. We will use BeneFAQs to determine the assistance.

Does VCA offer before and after school program?

We are exploring options based on parent requests. More info will be available as plans are solidified. One option may be shuttling to the Duffield Boys and Girls Club at Incline Elementary school.

Do students wear uniforms?

No, however a dress code will be in place that honors all with modesty and respect to others on campus, keeping in mind the variables of Tahoe weather.

Do students take standardized testing?

Not in the traditional public-school sense, however they will participate in both formative and summative class assessments.

What curriculum do you use?

We are using texts based on a Biblical worldview approach to education. Bob Jones University Press is academically challenging and encourages critical thinking. While adhering to Nevada DOE education requirements, we will not strictly adhere to Common Core Standards. Rather, we will work with our students based on best practices and individual learning styles. We will share God's truth and partner with families as students seek God's purpose and plan for their lives. We will incorporate hands-on learning and field trips where practical. Our goal will be the development of a life-long love of learning.

Will VCA be licensed and accredited?

VCA is operated as an exempt school authorized by the Nevada Department of Education. We have and are in the process of hiring certified, experienced teachers who will model Christian life. All teachers and staff will have undergone full background checks as required by law and be trained in multiple safety measures.

What is an evangelical school?

VCA serves all families, offering a distinctly Christian approach to education. An evangelical school partners with families and local churches to grow and nurture students through education based on Biblical principles with a consistent commitment to the truth of Scripture. It is our hope that VCA students would see their education result in a life-long commitment to the teachings of God in the Bible.

What is a Biblical worldview?

A Biblical (or Christian) worldview is based on God's unchanging Word. It is the framework of beliefs through which a Christian individual, group, or culture interprets and interacts with the world. We seek to instill a Christ-centered approach to life.

Does our family need to agree with ALL aspects of VCA's Statement of Faith?

No. VCA's goal is to partner with families to provide an excellent learning environment, that incorporates a Biblical worldview in every aspect of the learning process. Faith in Christ is a central tenant. Introducing students to Biblical principles will build character and lead to a life-changing educational experience. Service to others will be a VCA tenant and families will be encouraged to volunteer with VCA and the community. While families are not required to be Christian, they do need to be in agreement with their student attending chapel, taking Bible classes, and being taught from a Biblical worldview. For info on The Village Church's beliefs, see <https://www.thevillagechurchnv.org/our-beliefs>

Is VCA affiliated with a church?

We are a ministry of The Village Church, a member of ECO: A Covenant Order of Evangelical Presbyterians. Several churches within the North Tahoe area have joined in support. For info on The Village Church, see <https://www.thevillagechurchnv.org>

Village Christian Academy admits students of any race, color, or national or ethnic origin.
